

Suggested DMC conversion for Ink Circles Anatolia

| Carrie's Thread Color | Skeins Needed | DMC Approximation |
|-----------------------|---------------|--|
| Denim | 3 | 336 |
| Citrus | 1 | 977, 3825 or 922 |
| Clover | 1 | 368 & 992 |
| Eggplant | 1 | 550 (this is not a great match, but the closest available) |
| Indigo | 2 | 312 |
| Garnet | 2 | 816 |
| Olives | 1 | 3011 |
| Twinkle | 1 | 160 & 161 |
| Elk Snout | 4 | 420 |
| Frosty Pine | 2 | 501 |
| Moose Drool | 3 | 422 |

The DMC conversions given are those best matching the hand-dyed floss dye lot actually used. There is a natural variation between dye lots and even within a given strand of hand-dyed floss. Where more than one color of DMC is listed, the stitcher should use a blended needle or alternated small groups of stitches between the listed colors. Due to natural variations, your sampler will look different than the model, more-so if you use DMC.
